Dear Residents of Monroe Manor,

The City was advised today that Rieth-Riley will begin work **this Friday and Saturday** (weather permitting) on curbs, asphalt and driveway approaches for the Monroe Manor project. Work will begin on Parkview, moving through the neighborhood one side at a time. Please be advised that:

- **Curb Install** - The machinery and concrete trucks will need the entire road for construction. During the day, while this work takes place, we ask that **no car be parked on a road being worked on**. After work hours, cars can return to their homes for the evening, then be moved back to a side road until curbs are complete.
- **Asphalt** - After curbs are poured, the road will receive a layer of asphalt. **Avoid any traffic on new asphalt for at least 24-hours**.
- **Paving concrete driveway approaches** - Finally, after paving, driveway approaches will be poured one side of the street at a time. During this time, please park on the opposite side of the street. **Avoid any traffic on new concrete for one-week**.

City Inspector and Customer Representative:

Kevin Tracy at KTracy@CityofLaPorteIN.gov, 219.362.2327

Engineering (Abonmarche) Representative:

JD McPhail JMcpheil@Abonmarche.com, 574.850.0195

Construction Inspector (HRP Construction):
